### SERVICES AVAILABLE FOR RESALE

**General.** The rates for resold services described in Article VI, Section 5.2 are based upon an avoided cost discount from GTE's retail rates as provided in Article VI, Section 5.3 of the Agreement. GTE assesses a separate interim universal service fund surcharge for resale of Basic Local Exchange Residential and Business **Services** at the avoided cost discount set forth to provide continued universal service support that is implicit in GTE's current retail services prices. This surcharge is being addressed (or will be addressed) by the Commission or a court of competent jurisdiction. The parties agree that GTE will offer for resale Basic Local Exchange Residential and Business Services without the interim surcharge, but subject to the following terms and **conditions**:

- A. GLOBALEYES agrees that within thirty (30) days after the effective date of a Commission or court order affirming GTE's interim surcharge, GLOBALEYES will (i) begin paying the monthly interim surcharge in accord with Appendix C, and (ii) make a lump sum payment to GTE of the total interim surcharges retroactive to the effective date of this Agreement.
